Subject: Request to be placed on Town Council agenda for 6/9/2011

Angie:

I wish to be placed on the Town Council agenda for 6/9/2011 under "Citizen Comments". As the owners of Nancy N. Bolt, DDC PC (307 North Green) we wish to commend the contractor for the Green Street utility replacement and the Town Departments for their cooperation in keeping vital services in operation during the project. Some disruptions were unavoidable but in every instance we received notification of the problem and we want to express our appreciation for those efforts.

Thanks in advance,

Rick Bolt
