Brownsburg Town Council

To Whom it may concern,

HP Legacy would like to request from the Town of Brownsburg, a copy of the energy report to be completed by Johnson Controls. We believe that we can provide an unbiased review to the Town for current and future projects. HP Legacy has both LEED AP and CEM (Certified Energy Manager) on staff and no products to try to sell to the Town. Our main goal is to be a resource to the Town regarding energy consumption and saving tax payers dollars.

We feel it would be in the best interest of the Town to provide this review at no charge to the Town of Brownsburg

Thank you for your consideration in this matter,

Sincerely,

Jim Tennancour
